THERMAGLO PLUS

SEALER FINISH

BENEFITS:

- Easy to use wet look finish
- Burnishable from 250 rpm to 2000 rpm
- Use on almost any type of flooring
- Scuff and mark resistant
- Does not require a sealer on most floors
- Slip resistant

THERMAGLO PLUS is a clear, non-yellowing, high gloss finish designed to enrich and enhance the natural colours of all types of floors. THERMAGLO PLUS conforms to the Australian Standard for the Slip Resistance of Pedestrian Surfaces AS 3661. THERMAGLO PLUS is a simple to use sealer / sealer finish designed for use on a variety of floors from vinyl to terrazzo and timber.

THERMAGLO PLUS reduces maintenance, inventory and training costs in complex sites such as schools, universities, hospitals and healthcare by simplifying maintenance programs. In institutional and office environments apply 4 to 6 coats of THERMAGLO PLUS to vinyl, terrazzo and timber floors. In retail environments THERMAGLO PLUS may be applied as a one-step system or Impact may be applied as a base sealer to enhance shine and film clarity.

DIRECTIONS FOR USE:

Preparation: Remove old finish using Xpoly8 or Zip Strip floor stripper. To improve wetting and cleaning add 1 cup of Tempo HD or Citron neutral detergents to stripping solution. Wet scrub the floor using a high productivity black pad. Once old finish had been removed, pick up excess solution with mop and bucket or autoscrubber containaing clean potable water.

Application: Dry burnish floor before applying sealer. Apply either (I) 4 to 6 coats of THERMAGLO PLUS to freshly stripped floor or (ii) 2 coats of Superior Seal followed by 2 to 4 coats of THERMAGLO PLUS. Allow approximately 30 minutes drying time between coats.

Maintenance: Dust mop floor daily. Clean with Tempo HD or Citron neutral detergents. For best results use Glokleen (cleaner/maintainer) through an autoscrubber or in a mop and bucket

SAFETY DATA:

For further information refer to the Material Safety Data Sheet (MSDS) located on the Whiteley Industrial website: www.whiteley.com.au

HEALTH AND SAFETY STATEMENT:

There is no way of predicting an individual's response to cleaning or disinfecting products. All cleaning and disinfecting products have potential to cause skin and other irritation in susceptible individuals. Direct physical contact with the skin should be avoided. If irritation does occur when using this product or any other cleaning/ disinfecting solution then the individual should be removed from direct contact with the solution until a satisfactory safe working environment for that individual is determined.

ENVIRONMENTAL STATEMENT:

Whiteley Industrial manufactures products that comply with Australian and International environmental policies. Whiteley Industrial aims to ensure that every product is 100% biodegradable, whilst achieving optimal performance and benefit to customers. All Whiteley Industrial products are supplied in 100% recyclable containers.

Whiteley Industrial and its staff are fully committed to ensuring that our Australian environment and those international environs in which our products are used are enhanced by the use of technology, and that these environments are preserved for the enjoyment of future generations.
