

LEADING THE WAY IN **HAND HYGIENE**

Insist on Whiteley Skin Technology when ordering your Skincare products

Hand Hygiene is recognised as the single most important activity for an effective Infection Prevention and Control Program. Reduce the spread of germs in healthcare facilities with Whiteley Skin Technology products.

Our complete range of hand hygiene products are manufactured in Australia to International Standards. Our product range includes antibacterial hand sanitisers, alcohol-free foam sanitisers, hand and body washes, and moisturisers.

Whiteley Skin Technology dispensing systems offer smartlock technology in manual or infrared (touch-free). Promoting and understanding the importance of hand hygiene in healthcare facilities is essential in reducing the transmission of infections. Whiteley Skin Technology has a comprehensive educational program designed to promote good hand hygiene practices.

Whiteley 
Skin Technology

Prevent the Spread of Infections

The use of Whiteley Skin Technology hand hygiene programs is viewed as essential to improving attitudes and compliance to hand hygiene in healthcare facilities.

The role of surface cleaners and hospital grade disinfectants such as Viraclean®, is imperative alongside hand hygiene in eliminating contamination of equipment and surfaces that act as breeding grounds for infection.

Thorough cleaning and disinfection of surfaces combined with good hand hygiene, in and around high contact areas, will help prevent the transmission of potentially harmful organisms.

For more information contact us.

Dispensers are available in either manual or infrared (touch-free). Brackets available for 500mL packsize.

DERMALUX ENRICH

Dermalux Enrich 3-in-1 Shampoo, Conditioner and Body Wash is pH balanced and gentle on skin and hair. **Dermalux Enrich** contains added moisturisers including Lipidure® Biomimetic Moisturiser, to hydrate and replenish skin and hair. **Dermalux Enrich** is delicately fragranced and is specifically designed to retain skin integrity and revitalise hair.

DERMALUX NATURAL

Dermalux Natural Hand and Body Wash is specifically designed for sensitive skin. It is an ultra-comforting pearlescent crème soap, free from perfumes or dyes, and uses Tea Tree oil as a natural preservative. **Dermalux Natural** is pH balanced to maintain skin integrity and is ideal for people with dry and sensitive skin types. **Dermalux Natural** Hand and Body Wash leaves skin cleansed and nourished.

DERMALUX FOR EVERYDAY USE

Dermalux for Everyday Use is an ultra-mild soap for hand and body washing. It is specifically designed to retain skin integrity, leaving the skin feeling soft and refreshed. **Dermalux for Everyday Use** is pH balanced, with added moisturisers to prevent the skin from drying out, making it ideal for people who wash their hands frequently. It is an ultra-mild soap with the delicate fragrance of peaches.

HANDISAN® SANITISING FOAM

Handisan® Sanitising Foam is a non-flammable, non-toxic, instant hand sanitiser – kills 99.999% of germs. **Handisan® Sanitising Foam** contains Lipidure®, a biomimetic moisturiser which hydrates skin, leaving hands feeling soft, smooth and refreshed. Loss of skin integrity is associated with occupational dermatitis.

Handisan® Sanitising Foam is alcohol free, non-flammable and is designed to be used instead of alcohol based hand rubs. It is non-intoxicating and is suitable for use by at risk populations.

SANITOL

Sanitol is a uniquely formulated antibacterial hand sanitiser to prevent the spread of harmful germs. **Sanitol's** rapidly acting formula kills 99.99% of germs - protecting you against a range of potentially unsafe micro-organisms. It is an effective component of a hand and personal hygiene program and its scientifically advanced formula is gentle on all skin types. **Sanitol** is ideal for use in the workplace, home and on-the-go.

BACTOL® ALCOHOL GEL

Bactol® Alcohol Gel provides antibacterial hand cleansing without the need for water. It has been specially formulated with a natural emollient to replace the skin's lipids. This helps maintain skin integrity and prevents moisture loss. **Bactol® Alcohol Gel** leaves hands feeling soft, hygienic and replenished and is ideal for use in healthcare environments. AUST R 155397

BACTOL® MOISTURISER

Bactol® Moisturiser has been designed to protect the skin. It is enriched with Vitamin E, pH balanced and lanolin free.

Bactol® Moisturiser complements Whiteley Medical's range of hand hygiene products which includes hand washes, sanitisers and alcohol gels. It absorbs quickly and is suitable for use under gloves.
